

Secondary Shanghai Project

In light of the Shanghai teachers visit, we are setting up 2 work groups (Norfolk and Suffolk) to share ideas surrounding this project. This will be an opportunity to meet with teachers, discuss and share approaches and resources, and evaluate how teaching and learning has been/could be effected by selected elements of the Shanghai method.

We will meet roughly once a half term as appropriate (for approximately an hour), and will focus our research through the use of sharing specific resources and/or lesson plans.

Please use the email addresses below to contact the respective county project as soon as possible
