

## Year 2 'Curriculum for Depth' Programme of Study - 'Term per page overview'

| Half term       | National Curriculum requirements  |   |
|-----------------|---|---|
| <b>Autumn 1</b> | <b>Number within 1000</b><br><br><b>(3 weeks)</b>                           | <ul style="list-style-type: none"> <li>use place value and number facts to solve problems</li> <li>recognise the place value of each digit in a two-digit number (tens, ones)</li> <li>identify, represent and estimate numbers to 100 using different representations, including the number line</li> <li>compare and order numbers from 0 up to 100; use <math>&lt;</math>, <math>&gt;</math> and <math>=</math> signs</li> <li>identify, represent and estimate numbers to 1000 using different representations (Y3)</li> <li>recognise the place value of each digit in a three-digit number (hundreds, tens, ones) (Y3)</li> <li>compare and order numbers up to 1000 (Y3)</li> <li>read and write numbers to at least 100 in numerals and in words</li> <li>read and write numbers up to 1000 in numerals and in words (Y3)</li> <li>count in steps of 2, 3, and 5 from 0, and in tens from any number, forward and backward</li> <li>count from 0 in multiples of 100; find 10 or 100 more or less than a given number (Y3)</li> </ul> |
|                 | <b>Add and subtract 2-digit and 3-digit numbers</b><br><br><b>(4 weeks)</b> | <ul style="list-style-type: none"> <li>recall and use addition and subtraction facts to 20 fluently, and derive and use related facts up to 100</li> <li>show that addition of two numbers can be done in any order (commutative) and subtraction of one number from another cannot</li> <li>add and subtract numbers using concrete objects, pictorial representations, and mentally, including: a two-digit number and ones; a two-digit number and tens; two two-digit numbers; adding three one-digit numbers</li> <li>add and subtract numbers mentally, including: a three-digit number and ones; a three-digit number and tens; a three-digit number and hundreds (Y3)</li> <li>add and subtract numbers with up to three digits, using formal written methods of columnar addition and subtraction (Y3)</li> </ul>  |
| <b>Autumn 2</b> | <b>Addition and subtraction word problems</b><br><br><b>(2 weeks)</b>       | <ul style="list-style-type: none"> <li>recognise and use the inverse relationship between addition and subtraction and use this to check calculations and solve missing number problems</li> <li>solve problems with addition and subtraction: using concrete objects and pictorial representations, including those involving numbers, quantities and measures; applying their increasing knowledge of mental and written methods</li> <li>estimate the answer to a calculation and use inverse operations to check answers (Y3)</li> </ul>  |
|                 | <b>Multiplication and division</b><br><br><b>(1 week)</b>                   | <ul style="list-style-type: none"> <li>calculate mathematical statements for multiplication and division within the multiplication tables and write them using the multiplication (<math>\times</math>), division (<math>\div</math>) and equals (<math>=</math>) signs</li> <li>solve problems involving multiplication and division, using materials, arrays, repeated addition, mental methods, and multiplication and division facts, including problems in contexts</li> <li>show that multiplication of two numbers can be done in any order (commutative) and division of one number by another cannot</li> </ul>  |
|                 | <b>Multiplication tables of 2, 5 and 10</b><br><br><b>(2 weeks)</b>         | <ul style="list-style-type: none"> <li>recall and use multiplication and division facts for the 2, 5 and 10 multiplication tables, including recognising odd and even numbers</li> <li>calculate mathematical statements for multiplication and division within the multiplication tables and write them using the multiplication (<math>\times</math>), division (<math>\div</math>) and equals (<math>=</math>) signs</li> <li>solve problems involving multiplication and division, using materials, arrays, repeated addition, mental methods, and multiplication and division facts, including problems in contexts</li> <li>show that multiplication of two numbers can be done in any order (commutative) and division of one number by another cannot</li> </ul>  |

|                 |  |  |
|-----------------|--|--|
| <b>Spring 1</b> | <b>Exploring calculation strategies</b><br><br>(2 weeks) | <ul style="list-style-type: none"> <li>recall and use addition and subtraction facts to 20 fluently, and derive and use related facts up to 100</li> <li>show that addition of two numbers can be done in any order (commutative) and subtraction of one number from another cannot</li> <li>add and subtract numbers using concrete objects, pictorial representations, and mentally, including: a two-digit number and ones; a two-digit number and tens; two two-digit numbers; adding three one-digit numbers</li> <li>add and subtract numbers mentally, including: a three-digit number and ones; a three-digit number and tens; a three-digit number and hundreds (Y3)</li> <li>solve problems with addition and subtraction: using concrete objects and pictorial representations, including those involving numbers, quantities and measures; applying their increasing knowledge of mental and written methods</li> <li>estimate the answer to a calculation and use inverse operations to check answers (Y3)</li> </ul> |
|                 | <b>Money</b><br><br>(2 weeks)                            | <ul style="list-style-type: none"> <li>recognise and use symbols for pounds (£) and pence (p); combine amounts to make a particular value</li> <li>find different combinations of coins that equal the same amounts of money</li> <li>solve simple problems in a practical context involving addition and subtraction of money of the same unit, including giving change</li> </ul>  |
|                 | <b>Measuring length</b><br>(2 weeks)                     | <ul style="list-style-type: none"> <li>choose and use appropriate standard units to estimate and measure length/height in any direction (m/cm) to the nearest appropriate unit, using rulers and scales</li> <li>compare and order length and record the results using <math>&gt;</math>, <math>&lt;</math> and <math>=</math></li> </ul>  |
| <b>Spring 2</b> | <b>Measuring mass</b><br>(1 week)                        | <ul style="list-style-type: none"> <li>choose and use appropriate standard units to estimate and measure mass (kg/g) to the nearest appropriate unit, using rulers, scales, thermometers and measuring vessels</li> <li>compare and order mass and record the results using <math>&gt;</math>, <math>&lt;</math> and <math>=</math></li> </ul>   |
|                 | <b>Fractions</b><br><br>(2 weeks)                        | <ul style="list-style-type: none"> <li>recognise, find, name and write fractions <math>\frac{1}{3}</math>, <math>\frac{1}{4}</math>, <math>\frac{2}{4}</math> and <math>\frac{3}{4}</math> of a length, shape, set of objects or quantity</li> <li>write simple fractions for example, <math>\frac{1}{2}</math> of 6 = 3</li> <li>recognise the equivalence of <math>\frac{2}{4}</math> and <math>\frac{1}{2}</math></li> </ul>  |
|                 | <b>Time</b><br><br>(2 weeks)                             | <ul style="list-style-type: none"> <li>tell and write the time to five minutes, including quarter past/to the hour and draw the hands on a clock face to show these times</li> <li>know the number of minutes in an hour and the number of hours in a day</li> <li>compare and sequence intervals of time</li> </ul>   |

|                 |  |  |
|-----------------|--|--|
| <b>Summer 1</b> | <b>Measuring capacity and volume<br/>(2 weeks)</b>                   | <ul style="list-style-type: none"><li>choose and use appropriate standard units to estimate and measure capacity (litres/ml) and temperature (<math>^{\circ}\text{C}</math>) to the nearest appropriate unit, using scales, thermometers and measuring vessels</li><li>compare and order volume and capacity and record the results using <math>&gt;</math>, <math>&lt;</math> and <math>=</math></li></ul>  |
|                 | <b>Multiplication and division<br/>3x and 4x<br/>(3 weeks)</b>       | <ul style="list-style-type: none"><li>recall and use multiplication and division facts for the 3 and 4 multiplication tables (Y3)</li><li>calculate mathematical statements for multiplication and division within the multiplication tables and write them using the multiplication (<math>\times</math>), division (<math>\div</math>) and equals (<math>=</math>) signs</li><li>solve problems involving multiplication and division, using materials, arrays, repeated addition, mental methods, and multiplication and division facts, including problems in contexts</li><li>show that multiplication of two numbers can be done in any order (commutative) and division of one number by another cannot</li></ul>   |
| <b>Summer 2</b> | <b>Faces, shapes and patterns;<br/>lines and turns<br/>(3 weeks)</b> | <ul style="list-style-type: none"><li>identify and describe the properties of 2-D shapes, including the number of sides and line symmetry in a vertical line</li><li>identify and describe the properties of 3-D shapes, including the number of edges, vertices and faces</li><li>identify 2-D shapes on the surface of 3-D shapes, [for example, a circle on a cylinder and a triangle on a pyramid]</li><li>compare and sort common 2-D and 3-D shapes and everyday objects</li><li>order and arrange combinations of mathematical objects in patterns and sequences</li><li>use mathematical vocabulary to describe position, direction and movement, including movement in a straight line and distinguishing between rotation as a turn and in terms of right angles for quarter, half and three-quarter turns (clockwise and anticlockwise)</li></ul> |
|                 | <b>Graphs<br/>(2 weeks)</b>  | <ul style="list-style-type: none"><li>interpret and construct simple pictograms, tally charts, block diagrams and simple tables</li><li>ask and answer simple questions by counting the number of objects in each category and sorting the categories by quantity</li><li>ask and answer questions about totalling and comparing categorical data</li></ul>  |
